SOL 365 Day-3

(easy)

Q. Write a query to retrieve the list of all Products that have been sold.

Ans → Using LEFT JOIN...

```
SELECT p. Product Name
FROM Product p
LEFT JOIN Sales s
ON p. ProductID = s. productID
WHERE s. ProductID IS NULL;
```

tables

Product

Product_ID	Product_name

Sales

Sale ID	ProductID	Sales Date	Quantity
